Gemini Founders to Deliver Keynote Remarks at Third Annual Crypto Finance Conference

Cameron and Tyler Winklevoss discuss their journey from investors to entrepreneurs at CfC St. Moritz 2020

St. Moritz, Switzerland — The third annual [Crypto Finance Conference \(CfC St. Moritz\)](#) has announced that January's event will host Cameron and Tyler Winklevoss, co-founders of Gemini, as the 2020 keynote speakers.

The co-founders of Gemini Trust Company, LLC (Gemini) and Winklevoss Capital Management LLC, as well as the subjects of the New York Times bestseller, *Bitcoin Billionaires*, Cameron and Tyler Winklevoss bring years of experience as investors and entrepreneurs in emerging technologies and cryptocurrency to the main stage in St. Moritz.

The conference, which will be held from January 15th to 17th 2020, is a private and exclusive investors-only event focussing on crypto finance and blockchain topics. In addition to the main conference, the event features industry expert panels as well as dinner and networking for participants, speakers, and guests in Zurich.

*"We are honored to feature Cameron and Tyler Winklevoss as our keynote speakers for this year's Crypto Finance Conference," said **Nicolo Stoehr**, CEO of the CfC St. Moritz. "Their tenure as business leaders developing a crypto-native platform like Gemini and investing in blockchain technologies speaks for itself. As one of the few crypto finance and blockchain conferences that connects investors with founders, Cameron and Tyler bring a wealth of knowledge and expertise to this year's conference which will be indispensable."*

Cameron and Tyler Winklevoss will take to the stage alongside prestigious speakers including academics Professor Charles Chang and Professor Michael Sung. Professor Chang is the Deputy Dean of Academics, Professor of Finance, and Director of the Fintech Research Center, at the Fanhai International School of Finance at Fudan University. He will talk about the rise of Security Token Offerings (STOs) in China and the tokenization of securities in the Chinese

market. Professor Sung is founding Co-director of the Fintech Research Center at the Fanhai International School of Finance. He is focused on developing finance innovation policy at the Chinese Institute of Economics and Finance, a national-level think tank for central government. He will share the most up-to-date insights about the development of digital currencies and the regulatory environment in China.

Additional speakers include Bob McElrath (Blockchain Architect at Fidelity Digital Assets), Eva Kaili (Member of the European Parliament), David Johnston (Managing Director, Yeoman's Capital), Kavita Gupta (Stanford University), Bill Tai (Chairman & CEO, ACTAI Global), and many more.
